

The Baton Rouge High School Hall of Fame

The Baton Rouge High School Hall of Fame has its origins in the mid 1970's just as Baton Rouge High became a magnet school. The Hall of Fame is comprised of former students, graduates, faculty and administrators that have made significant achievements in many aspects of their lives. They have made selfless contributions of time, talent and treasure to their neighbors and community. If a BRHS teacher or administrator, they have made a positive and measurable impact on students and campus life far beyond their assigned duties. They are accomplished at the highest levels of their professions. Hall of Fame members have represented and fostered well the ideals of giving and dedication to community, family, learning and philanthropy.

These traits are the benchmarks by which the Nominating Committee will evaluate each candidate in choosing the Hall of Fame honorees. Please fill out the form and attach documents, photos, news items and testimonial letters that you believe will facilitate the selection process. Please note that we will not return these documents so make sure they are copies. **The nomination period for the 2019 Hall of Fame is December 15, 2018 through March 15, 2019.** Nominations received after March 15 will not be considered.

Notification by letter to all parties submitting nominations and to those chosen for induction will be on or before ***April 10, 2019.***
